

How your UnitedHealthcare[®] Group Medicare Advantage plan works

Medicare has rules about what types of coverage you can add or combine with a group-sponsored Medicare Advantage plan

One plan at a time

- Usually, you may be enrolled in only one Medicare Advantage plan and/or one Medicare Part D prescription drug plan at a time
- The plan you enroll in last is the plan that Centers for Medicare & Medicaid Services considers to be your final decision
- If you enroll in another Medicare Advantage or Medicare Part D plan after enrolling in this group-sponsored plan, you may be disenrolled from the group-sponsored plan
- Any eligible family members may also be disenrolled from their group-sponsored plan. This means that you and your family may not have hospital/medical or drug coverage through your plan sponsor

Remember — If you drop or are disenrolled from your group-sponsored retiree coverage, you may not be able to re-enroll. Limitations and restrictions vary by plan sponsor.
