#### LOCAL GOVERNMENT HEALTH INSURANCE BOARD

P.O. Box 304900 • Montgomery, AL 36130-4900 201 South Union Street, Suite 200 • Montgomery, AL 36104 Phone: 334-263-8326 or 1-866-836-9137 www.lghip.org Michael Gillespie Chairman David Hilyer CEO

#### Dear Member,

According to our enrollment records, you are Medicare-eligible but still an active employee of an employer who participates in the Local Government Health Insurance Plan (LGHIP). While you are an active employee, the LGHIP will remain primary for you and your dependents, regardless of whether you or your dependents are entitled to Medicare.

If you are eligible for and elect to continue coverage offered by the Local Government Health Insurance Board (LGHIB) at retirement, your LGHIP coverage (Group 30000) for you and/or your covered dependents who are eligible for Medicare will change to the UnitedHealthcare® Group Medicare Advantage (PPO) plan. This plan is a Medicare Advantage Health and Part D Plan (MAPD). Enclosed you will find a copy of the Plan Guide for the UnitedHealthcare® Group Medicare Advantage (PPO) plan. The Plan Guide provides you with more information about the specific benefits and programs offered by the plan.

When you retire, if you choose to enroll in the UnitedHealthcare® Group Medicare Advantage (PPO) plan you must take the following actions:

#### 1. Do not decline Medicare Part B.

The UnitedHealthcare® Group Medicare Advantage (PPO) plan delivers all the benefits of Original Medicare (Parts A and B) and offers additional benefits and features including prescription drug coverage. To be enrolled in the UnitedHealthcare® Group Medicare Advantage (PPO) plan, a Medicare retiree must have Medicare Parts A and B. Your enrollment in the UnitedHealthcare® Group Medicare Advantage (PPO) plan does not affect your coverage under Medicare Part A and Part B; however, you must continue to pay your Medicare Parts A and B premiums. Medicare retirees without Parts A and B will not be eligible for coverage in this plan, their entire coverage through the LGHIB will be canceled and they will not be allowed to enroll in LGHIP coverage at a later date.

#### 2. Send the LGHIB a copy of your Medicare card.

Although it is preferred you submit a copy of your Medicare card, we will also accept the letter from Social Security/Medicare indicating you are entitled to (enrolled in) Medicare. You must provide this with your Status Change form when you retire.

#### 3. Notify the LGHIB if your address changes.

We will be unable to send new ID cards, benefit statements, and other important notifications if we do not have your current address. In addition, you must provide the LGHIB with your physical address, not a P.O. Box.

#### 4. Call the LGHIB if you have any questions regarding coverage for a Medicare dependent.

In addition, the UnitedHealthcare® Group Medicare Advantage (PPO) plan Opt-Out Form is included with this letter. It is also available on the LGHIB website (**www.lghip.org**). When you retire, if you do not want to be enrolled in the UnitedHealthcare® Group Medicare Advantage (PPO) plan, you must complete and return the Opt-Out Form to the LGHIB before the date of your retirement. Otherwise, upon your notification to the LGHIB of your desire to continue coverage under the LGHIP as a retiree, you will automatically be enrolled in the UnitedHealthcare® Group Medicare Advantage (PPO) plan. If you chose to opt-out of the UnitedHealthcare® Group Medicare Advantage (PPO) plan, you will not be allowed to enroll in LGHIP coverage at a later date.

It is your responsibility to inform the LGHIB of any health or prescription drug coverage that you have or may get in the future. You can only be enrolled in one Medicare Advantage or Medicare prescription drug plan at a time. If you enroll in another Medicare Advantage or Medicare Part D prescription drug plan, your enrollment in that plan will end unless you complete and return the UnitedHealthcare® Group Medicare Advantage (PPO) plan Opt-Out Form to the LGHIB. Enrollment in the UnitedHealthcare® Group Medicare Advantage (PPO) plan is generally for the entire year.

By joining this Medicare Advantage plan, you acknowledge that the UnitedHealthcare® Group Medicare Advantage (PPO) plan will release your information to Medicare and other plans, only as is necessary for treatment, payment, and health care operations. You also acknowledge that the UnitedHealthcare® Group Medicare Advantage (PPO) plan will release your information, including your prescription drug event data, to Medicare, who may release it for research and other purposes, which follow all applicable Federal statutes and regulations.

Once you become a member of the UnitedHealthcare® Group Medicare Advantage (PPO) plan, you have the right to appeal plan decisions about payment of services if you disagree with those decisions. The rules you must follow to receive coverage with this Medicare health and prescription drug plan can be found in the Evidence of Coverage document located on the LGHIB's website.

What happens if I do not join the UnitedHealthcare® Group Medicare Advantage (PPO) plan? You are not required to be enrolled in this plan. You may decide to join a different Medicare Advantage or Medicare Part D prescription drug plan. You can call 1-800-MEDICARE (1-800-633-4227) 24 hours a day, 7 days a week for help in learning how to enroll in another Medicare Advantage or Medicare Part D prescription drug plan. (TTY users should call 1-877-486-2048.) In addition, if you opt-out of this plan, unless you enroll in a Medicare Advantage plan offered through Empower Brokerage or Select Quote/ Springboard (information on these vendors can be found on the LGHIB website), you will not be allowed to re-enroll in coverage through the LGHIB at a later time.

Keep in mind, if you leave the UnitedHealthcare® Group Medicare Advantage (PPO) plan and do not have or get another prescription drug plan, you will not have any prescription drug coverage, and you may have to pay a late enrollment penalty in addition to your premium for Medicare prescription drug coverage in the future.

#### What if I want to leave the UnitedHealthcare® Group Medicare Advantage (PPO) plan?

Medicare limits when you can make changes to your coverage. You may leave this plan only at certain times of the year or under certain special circumstances. Generally, there is an open enrollment period at the end of each year when you can change Medicare Advantage or Medicare Part D prescription drug plans for coverage that will be effective January 1 of the following year.

If you have questions regarding enrollment and eligibility, please call the LGHIB toll-free at **866-836-9137**, TTY **771** 8 a.m. – 5 p.m. CT, Monday – Friday.

Sincerely.

# **Plan Details**

# UnitedHealthcare Group Medicare Advantage (PPO)

The LGHIB has chosen a UnitedHealthcare Group Medicare Advantage plan. The word "Group" means this is a plan designed just for a former employer like yours. Only eligible retirees of local government units and their Medicare-eligible dependents can enroll in this plan.

"Medicare Advantage" is also known as Medicare Part C. These plans have all the benefits of Medicare Part A (hospital coverage) and Medicare Part B (doctor and outpatient care) plus extra programs that go beyond Original Medicare (Medicare Parts A and B).

# Make sure you know what parts of Medicare you have

You must be entitled to Medicare Part A and enrolled in Medicare Part B to enroll in this plan.

- If you're not sure if you are enrolled in Medicare Part B, check with Social Security
- Visit www.ssa.gov/locator or call 1-800-772-1213, TTY 1-800-325-0778, 8 a.m.-7 p.m., Monday-Friday, or call your local office
- You must continue paying your Medicare Part B premium to be eligible for coverage under this group-sponsored plan
- If you stop paying your Medicare Part B premium, you may be disenrolled from this plan

# Medicare Advantage coverage:

Medicare Part A Hospital

Medicare Part B
Doctor and outpatient

**Medicare Part D**Prescription drugs

**Extra programs**Beyond Original Medicare

# **How your Group Medicare Advantage plan works**

Medicare has rules about what types of coverage you can add or combine with a group-sponsored Medicare Advantage plan.

#### One plan at a time

- You may be enrolled in only one Medicare Advantage plan and one Medicare Part D prescription drug plan at a time.
- The plan you enroll in last is the plan that the Centers for Medicare & Medicaid Services (CMS) considers to be your final decision.
- If you enroll in another Medicare Advantage plan or a standalone Medicare
   Part D prescription drug plan after your enrollment in this group-sponsored plan, you
   will be disenrolled from this plan.
- Any eligible family members may also be disenrolled from this group-sponsored plan.
   This means that you and your family may not have hospital/medical or drug coverage through your former employer.

**Remember:** If you drop or are disenrolled from your group-sponsored retiree coverage, you may not be able to re-enroll. Limitations and restrictions vary by former employer.

Once you receive your UnitedHealthcare member ID card, you can create your secure online account at: **retiree.uhc.com/LGHIB** 

You'll be able to view plan documents, find a provider, locate a pharmacy and access lifestyle and learning articles, recipes, educational videos and more.

<sup>&</sup>lt;sup>1</sup>This means that the provider or hospital agrees to treat you and be paid according to UnitedHealthcare's payment schedule. With this plan, we pay the same as Medicare and follow Medicare's rules. Emergencies would be covered even if out-of-network.

# How your prescription drug coverage works

Your Medicare Part D prescription drug coverage includes thousands of brand-name and generic prescription drugs. Check your plan's drug list to see if your drugs are covered.

#### Here are answers to common questions:

#### What pharmacies can I use?

You can choose from thousands of national chain, regional and independent local retail pharmacies.

#### What is a drug-cost tier?

Drugs are divided into different cost levels, or tiers. In general, the lower the tier, the less you pay.

#### What will I pay for my prescription drugs?

What you pay will depend on the coverage your former employer has arranged and on what drug-cost tier your prescription falls into. Your cost may also change during the year based on the total cost of the prescriptions you have filled.<sup>1</sup>

#### Can I have more than one prescription drug plan?

No. You can only have one Medicare plan that includes prescription drug coverage at a time. If you enroll in another Medicare Part D prescription drug plan OR a Medicare Advantage plan that includes prescription drug coverage, you will be disenrolled from this plan.

### Questions? We're here to help.

# Ways to save on your prescription drugs

### Get a three-month supply at retail pharmacies

Most retail pharmacies offer three-month supplies for some prescription drugs.

Check your UnitedHealthcare pharmacy directory to see if a retail pharmacy offers three-month supplies noted with a pill symbol. An online pharmacy directory is available at: retiree.uhc.com/LGHIB

To request a printed directory, call Customer Service toll-free at: **1-866-950-6558**, TTY **711**, 8 a.m.–8 p.m. CT, Monday–Friday

### Ask your doctor about trial supplies

A trial supply allows you to fill a prescription for less than 30 days. This way, you can pay a reduced copay or coinsurance and make sure the medication works for you before getting a full month's supply.

### Explore lower-cost options

Each covered drug in your drug list is assigned to a drug-cost tier. Generally, the lower the tier, the less you pay. If you're taking a higher-tier drug, you may want to ask your doctor if there's a lower-tier drug you could take instead.

#### Have an annual medication review

Take some time during your Annual Wellness Visit to make sure you are only taking the drugs you need.

### The UnitedHealthcare Savings Promise

UnitedHealthcare is committed to keeping your prescription drug costs down. As a UnitedHealthcare member, you have our Savings Promise that you'll get the lowest price available. That low price may be your plan copay, the pharmacy's retail price or our contracted price with the pharmacy.

Your former employer may provide coverage beyond three months. Please refer to the Benefit Highlights or Summary of Benefits for more information.

#### What is IRMAA?

The Income-Related Monthly Adjustment Amount (IRMAA) is an amount Social Security determines you may need to pay in addition to your monthly plan premium if your modified adjusted gross income on your IRS tax return from 2 years ago is above a certain limit. This extra amount is paid directly to Social Security, not to your plan. Social Security will contact you if you have to pay IRMAA.

#### What is a Medicare Part D Late Enrollment Penalty (LEP)?

If, at any time after you first become eligible for Medicare Part D, there's a period of at least 63 days in a row when you don't have Medicare Part D or other creditable prescription drug coverage, a penalty may apply. Creditable coverage is prescription drug coverage that is at least as good as or better than what Medicare requires. The LEP is an amount added to your monthly Medicare premium and billed to you separately by UnitedHealthcare.

When you become a member, your former employer will be asked to confirm that you have had continuous Medicare Part D coverage. If your former employer asks for information about your prescription drug coverage history, please respond as quickly as possible to avoid an unnecessary penalty.

Once you become a member, more information will be available in your Evidence of Coverage (EOC). Your Quick Start Guide will include details on how to access your EOC.

#### Call Social Security to see if you qualify for Extra Help

If you have a limited income, you may be able to get Extra Help to pay for your prescription drug costs. If you qualify, Extra Help could pay up to 75% or more of your drug costs. Many people qualify and don't know it. There's no penalty for applying, and you can re-apply every year.

Call toll-free **1-800-772-1213**, TTY **1-800-325-0778**, 8 a.m.–7 p.m., Monday–Friday, or call your local office.

### Questions? We're here to help.

# Getting the health care coverage you may need

#### Your care begins with your doctor

- With this plan, you have the flexibility to see doctors inside or outside the UnitedHealthcare network
- Even though it's not required, it's important to have a primary care provider
- Unlike most PPO plans, with this plan, you pay the same share of cost in and out of the network as long as they participate in Medicare and have not been excluded or precluded from the Medicare Program
- With your UnitedHealthcare Group Medicare Advantage plan, you're connected to programs, resources, tools and people that can help you live a healthier life

#### Finding a doctor is easy

If you need help finding a doctor or specialist, just give us a call. We can even help schedule that first appointment.

#### Why use a UnitedHealthcare network doctor?

A network doctor or health care provider is one who contracts with us to provide services to our members. We work closely with our network of doctors to give them access to resources and tools that can help them work with you to make better health care decisions. You pay your copay or coinsurance according to your plan benefits. Your provider will bill us for the rest.

An out-of-network provider does not have a contract with us. With the UnitedHealthcare Group Medicare Advantage (PPO) plan, you can see any out-of-network provider as long as they accept the plan and have not opted out of or been excluded or precluded from the Medicare Program. We will pay for the rest of the cost of your covered service(s), including any charges up to the limit set by Medicare. If your provider won't accept the plan, we will contact them on your behalf.

If a provider refuses to directly bill us, they may ask that you pay the full allowable amount upfront. In that case, you can pay the doctor and then submit a claim to us. You'll be reimbursed for the cost of the claim minus your cost share.

#### Filling your prescriptions is convenient

UnitedHealthcare has thousands of national chain, regional and independent local retail pharmacies in our network.<sup>1</sup>

<sup>&</sup>lt;sup>1</sup>Network size varies by market.

# **Summary of Benefits**

#### January 1, 2023 - December 31, 2023

This is a summary of what we cover and what you pay. Review the Evidence of Coverage (EOC) for a complete list of covered services, limitations and exclusions. You can see it online at **retiree.uhc.com/LGHIB** or you can call Customer Service for help. When you enroll in the plan, you will get more information on how to view your plan details online.

#### **About this plan**

UnitedHealthcare® Group Medicare Advantage (PPO) is a Medicare Advantage PPO plan with a Medicare contract.

To join this plan, you must be entitled to Medicare Part A, be enrolled in Medicare Part B, live in our service area as listed below, be a United States citizen or lawfully present in the United States, and meet the eligibility requirements of the LGHIB.

Our service area includes the 50 United States, the District of Columbia and all US territories.

#### About providers and network pharmacies

UnitedHealthcare® Group Medicare Advantage (PPO) has a network of doctors, hospitals, pharmacies, and other providers. You can see any provider (network or out-of-network) at the same cost share, as long as they accept the plan and have not opted out of or been excluded or precluded from the Medicare Program. If you use pharmacies that are not in our network, the plan may not pay for those drugs, or you may pay more than you pay at a network pharmacy.

You can go to **retiree.uhc.com/LGHIB** to search for a network provider or pharmacy using the online directories. You can also view the plan Drug List (Formulary) to see what drugs are covered and if there are any restrictions.

If your overage rules or limits, there will be code(s) in the list. The codes and what shown below
PA Prior authorization	The plan needs more information from your doctor to make sure the drug is being used correctly for a medical condition covered by Medicare. If you don't get prior approval, it may not be covered.
QL Quantity limits	The plan only covers a certain amount of this drug for 1 copay or over a certain number of days. Limits help make sure the drug is used safely. If your doctor prescribes more than the limit, you or your doctor can ask the plan to cover the additional quantity.
ST Step therapy	You may need to try lower-cost drugs that treat the same condition before the plan will cover your drug. If you have tried other drugs or your doctor thinks they are not right for you, you or your doctor can ask the plan for coverage.
B/D Medicare Part B or Part D	Depending on how this drug is used, it may be covered by Medicare Part B or Part D. Your doctor may need to give the plan more information about how this drug will be used to make sure it's covered correctly.
HRM High-risk medication	This drug is known as a high-risk medication (HRM) for patients 65 years and older. This drug may cause side effects if taken on a regular basis. We suggest you talk with your doctor to see if an alternative drug is available to treat your condition.

LA Limited access	_	acilities or doctors give out this drug. It may ctor coordination or patient education.
MME Morphine milligram equivalent	Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional limit is called a cumulative morphine milligram equivalent (MME), and is designed to monitor safe dosing levels of opioids for individuals who may be taking more than 1 opioid drug for pain management. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.	
7D 7-day limit	An opioid drug used for the treatment of acute pain may be limited to a 7-day supply for members with no recent history of opioid use. This limit is intended to minimize long-term opioid use. For members who are new to the plan and have a recent history of using opioids, the limit may be overridden by the pharmacy when appropriate.

### **Additional Drug Coverage**

### **Lower-cost Medicare prescription drugs**

Your plan covers some of your Medicare prescription drugs at a \$0 copay. The lower tier or copay will apply even if you have not yet met your annual prescription (Part D) deductible.

These drugs are part of your Medicare prescription drug coverage.<sup>1</sup>

Drug name	
Shingles Vaccine	

<sup>&</sup>lt;sup>1</sup>Information about the appeals and grievance process for these prescription drugs can be found in your Evidence of Coverage.

### **Bonus drug list**

The LGHIB offers a bonus drug list. The prescription drugs on this list are covered in addition to the drugs on the plan's Drug List (Formulary).

The drug tier for each prescription drug is shown on the list.

Although you pay the same copay for these drugs as shown in the Summary of Benefits and Evidence of Coverage, the amount you pay for these additional prescription drugs **does not apply to your Medicare Part D out-of-pocket costs**. Payments for these additional prescription drugs (made by you or the plan) are treated differently from payments made for other prescription drugs.

Coverage for the prescription drugs on the bonus drug list is in addition to your Part D drug coverage. Unlike your Part D drug coverage, you are unable to file a Medicare appeal or grievance for drugs on the bonus drug list. If you have questions, please call Customer Service using the information on the cover of this book.

If you get Extra Help from Medicare to pay for your prescription drugs, it will not apply to the drugs on this bonus drug list.

This is not a complete list of the prescription drugs available to you or the restrictions and limitations that may apply through the bonus drug list. If your drug has any coverage rules or limits, there will be code(s) in the "Coverage rules or limits on use" column of the chart. The codes and what they mean are shown below. If you have questions about drug coverage, please call Customer Service using the information on the cover of this book.

#### **QL - Quantity limits**

The plan only covers a certain amount of this drug for one copay or over a certain number of days. These limits may be in place to ensure safe and effective use of the drug.

#### **MME** - Morphine milligram equivalent

Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional limit is called a cumulative morphine milligram equivalent (MME), and is designed to monitor safe dosing levels of opioids for individuals who may be taking more than one opioid drug for pain management. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.

#### 7D - 7-day limit

An opioid drug used for the treatment of acute pain may be limited to a 7-day supply for members with no recent history of opioid use. This limit is intended to minimize long-term opioid use. For members who are new to the plan, and have a recent history of using opioids, the limit may be overridden by the pharmacy when appropriate.

#### **DL** - Dispensing limit

Dispensing limits apply to this drug. This drug is limited to a one-month supply per prescription.

### **Statements of Understanding**

### By enrolling in this plan, I agree to the following:

This is a Medicare Advantage plan insured through UnitedHealthcare Insurance Company or one of its affiliated companies who contracted with the federal government. This is not a Medicare Supplement plan.

I need to keep my Medicare Part A and/or Part B, and continue to pay my Medicare Part B and, if applicable, Part A premiums, if they are not paid for by Medicaid or a third party. To be eligible for this plan, I must live in the plan's service area and be a United States citizen or be lawfully present in the U.S.

The service area includes the 50 United States, the District of Columbia and all U.S. territories.

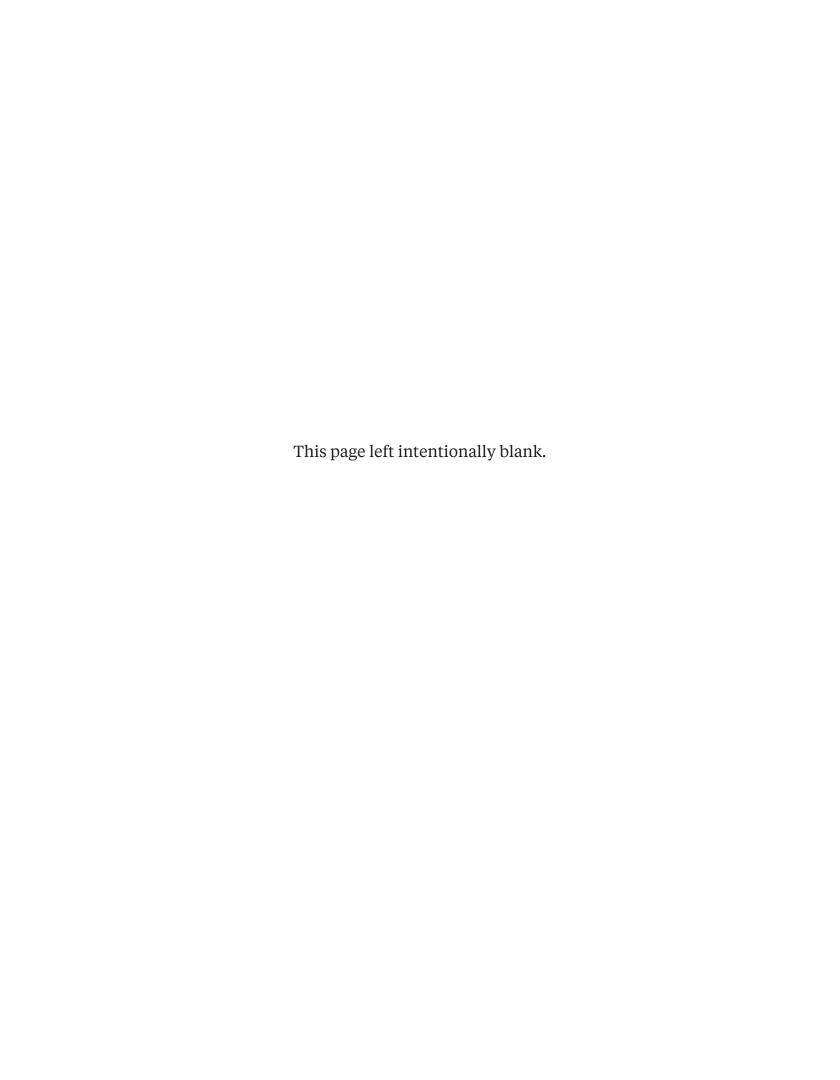

I may not be covered while out of the country, except for limited coverage near the U.S. border. However, under this plan, when I am outside of the U.S. I am covered for emergency or urgently needed care.

- I can only have one Medicare Advantage or Prescription Drug plan at a time.
  - Enrolling in this plan will automatically disenroll me from any other Medicare health plan. If I disenroll from this plan, I will be automatically transferred to Original Medicare. If I enroll in a different Medicare Advantage plan or Medicare Part D Prescription Drug Plan, I will be automatically disenrolled from this plan.
  - Enrollment in this plan is for the entire plan year.
- My information will be released to Medicare and other plans, only as necessary, for treatment, payment and health care operations.

Medicare may also release my information for research and other purposes that follow all applicable Federal statutes and regulations.

For members of the Group Medicare Advantage plan.

I understand that when my coverage begins, I must get all of my medical and prescription drug benefits from the plan. Benefits and services provided by the plan and contained in the Evidence of Coverage (EOC) document will be covered. Neither Medicare nor the plan will pay for benefits or services that are not covered.
